Well everyone Goodbye its been fun. Sorry about running over your foot Kyle. I'm sure some of you want to know the real story behind "ACE" and no it wasn't because of volleyball. It all happened one day in Mr. McBride's computer class in the 10th grade one of the outgoing seniors thought I knew a lot about computers and he just called me Ace how people linked it to volleyball is a mystery. To Ben and Hal you Gotta love that night on the bridge with all those fishtails. Well Matt what can I say too many good memories. I still say we tell Robert's mom. Wayne and Larry computers was great. Brian see ya around. And to everyone else we had some great times in my mom's car and sorry about the gas station. Well I'll leave you with my favorite quote "Never let your sense of morals prevent you from doing what is right."

Thank you Mom, I would have never come so far w/o you. Grandma + Aunt Abby, thanks for all you've done. I love you all. Mary + Mrs. Chilaka, your both special to me. Thanks for all your time and care for all of us. Kathy, Bob, and Tracy, you really are family to me.

Terry, we've had so many good times together. Hockey at the Jar. Elan, Baby's got back. Thanks for the great times at your house. Hey McNabb, do the "_____ Dance." Just wait till the next snow storm. Amy, "Yes Theodore" and Grey Poupon. Erica, you really are funny. I had some great times with you. Brian, watch those buses. Good luck to my friends and BR, EE, KC, SC, TB.

Steph, (Chegg, SP) Erica's Christmas Party. Can you keep a secret? Frustration! One Month dinner. Movies + popcorn + more popcorn. Put that away! Donuts at the pickup spot. Omen songs, sniff-o-lous, burnt, Ticks, Hook, Father of the Bride, watch those poles. Safari Club. The stupid chicken hasn't laid a single noodle. Prom was fantastic. My turn, goose bumps! You hang up, I don't know. Peggy was special. I do care and always have. Best friends always stay in touch. Love ya!

Good luck to the class of '93.

I had four great years. The time a house for our JV soccer party when IB would not shut up and heating on PG and other things. When we went to Nantucket and borrowed all that stuff and got away with it. The time that we spent at Kenny's house that summer. One night when JT got a little out of hand, or did he have a little too drink that night, or did all of us? When SG and JT and I used to wait until Ken got out of work and then we would do our thing. That was a good summer. Then school begun and SG started to go out with someone. That was a bad time I spent with them. Then the time we went after the Homecoming dances and went egging and a week later we went Tomahawking with pumpkins and cars. The time me and SG went to UNH and the trouble at Burger King and that Saturday night. The times at RG with SG and DP when I could not get out of SG's driveway. The first time when SG that night Nikki liked me. The time that we signed AB lawn NK and others and when I called the cops on SG because he took my truck and did not know where he put it. But the best thing was the prom because who I went with and how it went. The next morning was a little hard getting up for my game that day for baseball. This summer was a great summer with Nikki-going out to dinner that time you hurt your finger. The time we went to Monomoy with your parents and with IB and the waves. The first time you went to a drive in. It was a great summer with you NK. I would also like to thank my mother, dad, brother, sister and friends through my years in Harwich Schooling.

"Who first seduced them to that foul revolt? The infernal serpent; he it was whose guile, stirred up with envy and revenge, deceived the mother of mankind, what time his pride had cast him out of heaven, with all of his host rebel angels, by whose aid aspiring to set himself in glory above his peers, he trusted to have equalled the most high, if he opposed, and with ambitious aim against the throne and monarchy of god raised improvs war in heaven and battle proud, with vain attempt. Him the almighty power hurled headlong flaming from the ethereal sky, with hideous ruin and combustion down to bottomless perdition." -Milton That's pretty cool, if you believe in that stuff.

Here comes that feeling I can never expose. That rips through my 'motion & creates all my woes. I see no more light, but the dark isn't there. I must walk in silence now. I must be aware. Here comes that feeling I can never deny, the way my mind aches & the way my mind cries. Oh, is there a cure to this sickness I feel - for living this lie is certainly real. Here comes that person who tore into my mind, walking so coldly - so afraid & behind. Look at her quickly, get rid of her fast. My perils forgotten. Memories will not last. Here comes that feeling, from, I never can run. Revolving the barrell of that powerful gun. Society molds a mind & never lets go, does not let you learn all the things you should know. Here comes philosophy all tattered & torn. The reading's successive & the pages are worn. I try so much harder to believe my own ways, but living so lonely's getting harder these days. Shining & glowing from your nuclear pride. There's nothing to you that you feel you can't hide. If destiny waits on the door to my dreams. I'll see in its presence all the murderous screams. "No Philosophy Needed," written by Brian Remillard 6/91. I luv you L.O.T.S.. Remember, Young Ones, philosophy is only personal logic. Good-bye.

CLASS HISTORY

FRESHMAN YEAR

We decided right off the bat to do things differently than they had been done before. With the help of our enthusiastic advisors, we put on a show with Herb Reed and the Platters, the Marvelettes, and Freddy and the Maybellines. Despite the enormous undertaking, everyone had a blast. Class officers were: President Sarah Fernbacker, Vice President Aleta Crowell, Secretary Sabrina LoCicero, and Treasurer Emily Diamond.

We also sold our first glowy necklaces!!!

SOPHOMORE YEAR

Our sophomore year began in the summer with numerous car washes. We sold glowy necklaces and coffee and donuts at the Cranberry Festival, and were highly successful. We continued to start new traditions by putting on the first annual Mr. Harwich show. Class officers were: President Amy Green, Vice President Peter Gori, Secretary Mandi Speakman, and Treasurer Jen Brightman.

JUNIOR YEAR

To start this year off, we entered what we called a float into the Cranberry Festival parade. We even won an award! Glow necklaces were really lucrative! We started another tradition by holding Homecoming. We highlighted athletic events and held a semi-formal dance. It was a great success and a lot of fun. We put on Mr. Harwich for the second time. It was even more popular than the year before. Our prom was held at Wequassett Inn. The King was John Larivee and the Queen was Sarah Varney. On Saturday we held an after-prom barbeque at the hockey field. Class officers were: President Sarah Fernbacker, Vice President Peter Gori, Secretary Mandi Speakman, and Treasurer Jen Brightman.

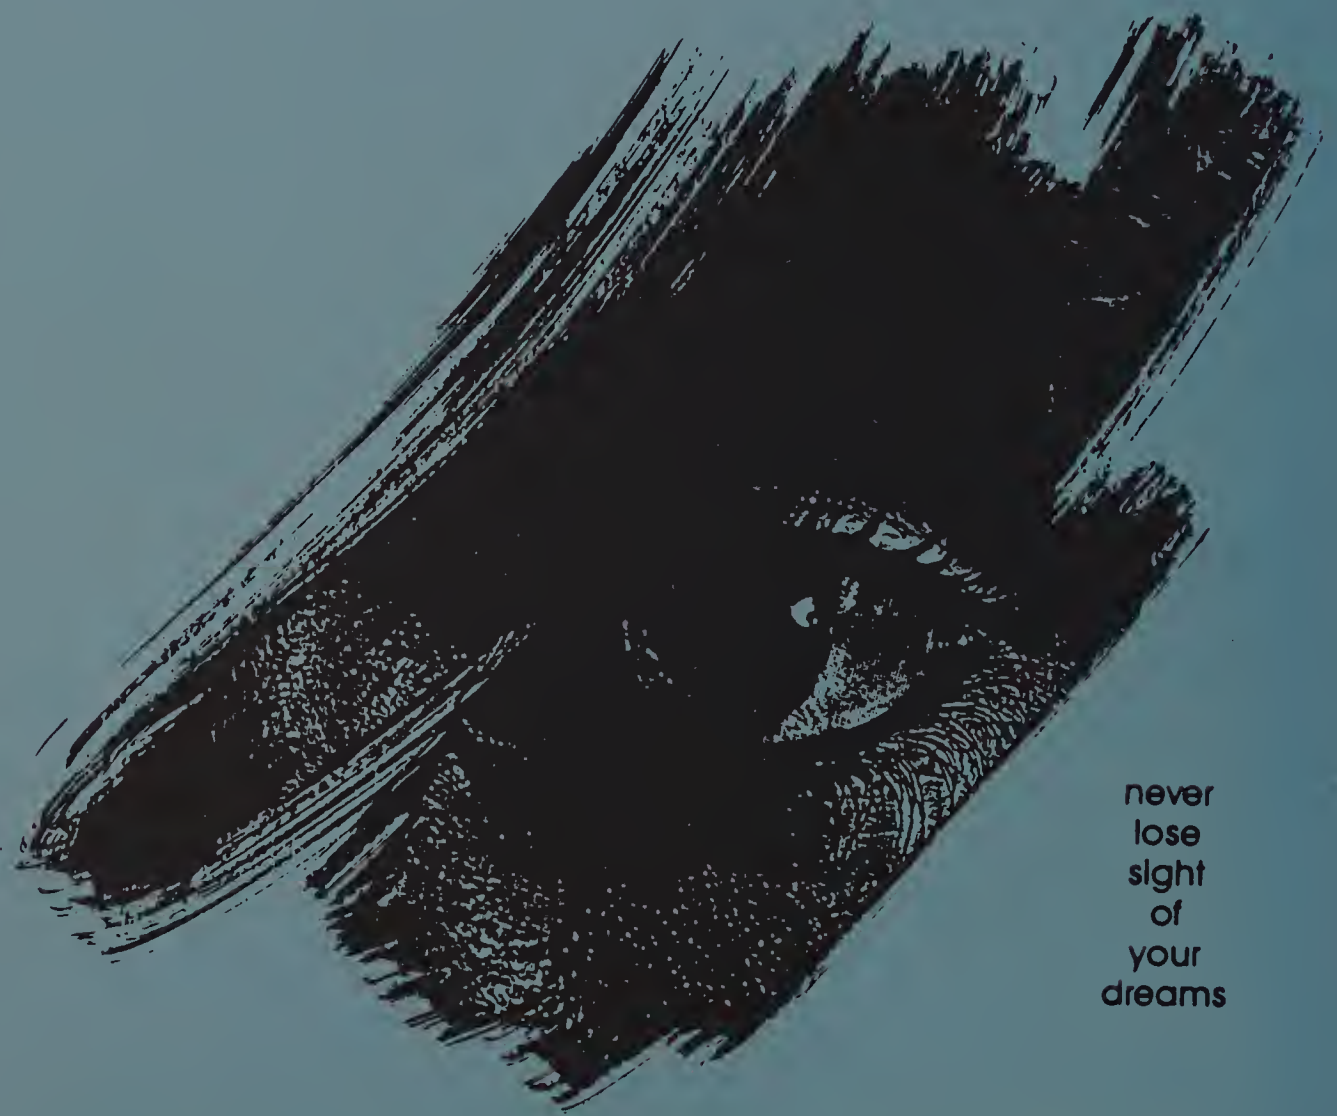

SENIOR YEAR

Our last year together. Another year of success at the Festival with the help of Don Ho and Tiny Bubbles. We held another Homecoming.

Our dance was a Luau, complete with volcano and fountain. Elan Turcotte-Shamski and Amy Green were King and Queen. Mrs. Dorgan became the new yearbook advisor, with a lot of help from Matt Ford and Jason Andolina. Mr. Harwich will be held again and the Senior Banquet will be at Christine's. Hopefully, Senior Skip Day will be at the beach. We helped our community by volunteering services in return for a banquet ticket.

Through our four years, we have always been a unique class and were willing to try something new. It is this spirit that will aid us in our endeavor to make an impact on the world.
